Dear Jerry:

Would you check into a matter which has just been called to my attention by the auditor. There is an indication that Shutter, Serial Number 107 was recently refurbished and used on A-23. It appears that the Shutter came off the shelf from subcontract 100-72. Since we paid for shutters under our prime contract FI-5777 it would seem that a credit would be due if these facts are correct. Would appreciate your checking into this matter and letting me know.

Sincerely,
